Suction Line Installation ~ Dimension Sheet

Date_____ Tank Height_____mm

Tank Number_____ Tank Diameter._____mm

1. Maximum fill height:
2. Does the tank have a floating roof? (Yes No)?
   2a . If yes, then what is the floating roof material?
3. Manway opening size:
4. Suction line diameter:
5. Shell nozzle centerline height:
6. Bottom slope: Slope direction:
7. Welding permitted?
8. Bottom coating (Type):
9. Product stored:
10. Product specific gravity @60 °F (15.6°C)
11. Maximum product temperature °C.
12. Distance from tank shell to face of outlet nozzle flange?

NOTE/SPECIAL REQUIREMENTS
